POLISHED PERFECTION

Minimalist, clean, and imbued with an element of French elegance, Noto presents a pure and clean design aesthetic that gracefully fits into contemporary spaces. Strictly angular with its surfaces and outer seams, everything is reduced to its bare essentials. Noto also features narrow, upholstered sides, making it a sleek and refined accompaniment to any setting. Barely visible castors highlight excellent flexibility and mobility. Furthermore, the S-line back and softly sprung seating ensure users maximum seating comfort.

AURORA BOREALIS

Designed by the renowned Tuscan architect Roberto Lazzeroni, Borealis is an exemplary contribution to modern contemporary design. The screen is ideal for luxurious environments, particularly lounging areas, to create an ambience of intimacy. Available in two heights, Borealis comprises three rotating doors characterised by a seductive display of interwoven bands. Each intricate band features two coupled layers of leather in two complementing colours, resulting in a touch of transparency for added privacy.

PRIME PERFORMANCE

An intricate, geometrical masterpiece, Caementum is a single-piece concrete table with a central base. Covered in carefully selected finishing, this table demonstrates superb resistance to mechanical stresses and weathering. A high-performance piece, Caementum is tough against liquids and stains and is easy to clean. The table is designed to blend with various compositions and adapts to any function or setting, especially outdoors, both in public and residential settings.
